Docket No. 98N-1265

Food and Drug Administration

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: My individualized compounded prescription  
has improved my health and quality of life,  
It has helped through menopause and protected by  
body against osteoporosis. The compounding prescription  
service is not provided by <sup>commercial</sup> pharmaceutical manufacturers.  
The doctor, by working with Madison pharmacy, is able to  
meet my medical needs.

I object to inordinate amount. This limitation  
would directly affect my health and quality of life.
